WHAT YOU NEED TO KNOW

Elective Subjects

If you have completed the requirements of a major, any additional units completed within another major is classified as an elective subject. Any unit that is not within the Bachelor of Applied Social Science award is classified as an elective subject.

Before enrolling into an elective subject, ensure that you have met the pre-requisite for that unit.

For example, MAN201 Organisational Behaviour is a unit outside of the Bachelor of Applied Social Science award. You must meet the pre-requisite by completed MAN101 Introduction to Management.

If you have selected to complete the Counselling Major, your elective subjects must be subjects within the Applied Social Science award.

Course Levels

100, 200 or 300 level is indicated in the course code e.g THE201 is a 200 level theology unit, whereas LEA301 is a 300 level leadership unit. The units increase in difficulty and build upon content and concepts that have come before.

Pre-requisites

A pre-requisite is a unit that must be successfully completed before attempting another unit. For example, in order to attempt THE201, you must complete THE101. Students must have completed the pre-requisite to enrol in the subject.
